[Apply Now](#)

Company: JamesValé Recruitment

Location: Sydney

Category: Other-General

Join an Australian-owned company that specialises in cooling tower repair, rebuilding, installation, and maintenance. Be rewarded for your technical ability, experience, and industry knowledge. Attractive salary of \$40-\$50 p/h (negotiable on experience) plus super, vehicle, and phone About the Company.

The company is an Australian owned company that specialises in cooling tower repair, rebuilding, installation, and maintenance. They are based in Melbourne and Sydney and provide services and parts across Australia. The companys goal is to provide cooling tower solutions to clients that address six core principles of a quality cooling tower job.

The design, scope of work, and outcome must address performance optimisation, water savings, energy savings, government compliance, reduce legionella risk, and prevent environmental damage. They provide quotations that are fully transparent so the clients and potential clients know what parts and labour they will receive, the price and applicable discounts. With recent growth in their business, they are seeking an experienced A/C or Refrigeration Mechanic to join their professional team.

About the Position This is an exciting new opportunity to bring your technician expertise and receive training for upskilling your career in a highly sought-after position. The position requires an experienced A/C or Refrigeration Mechanic that is keen to develop skills, learn all about cooling towers, and to perform the following; Carry out cooling tower replacement

projects. Training provided.

General mechanical replacements including replacing motors, fans, pulleys, shafts, belts, and bearings. Training provided. Confine space entry tasks.

Training provided. Complete service reports. iOS or Android.

Reporting equipment faults and potential hazards. Training provided. Operate access equipment, EWP etc.

Training provided. The Ideal Candidate The ideal candidate will have proven experience as an Air Condition & Refrigeration Supervisor, including the following: Valid Australian drivers licence Air Conditioning or Refrigeration licence Knowing how to work safely on a site Keen to learn and develop new skills Mechanical aptitude Basic plumbing knowledge Able to use power tools, work with steel/timber or basic fiberglass skills The Benefits The company will offer the most suitable candidate a generous salary of between \$40 to \$50 per hour (negotiable on experience), plus superannuation, a company vehicle, phone, tools & equipment, PPE, training accommodation if required and travel allowance. The successful candidates will be provided with comprehensive training to enhance their current HVAC technician skills.

They are a collaborative organisation that respects its staff and looks to always reward committed employees with ongoing benefits and stability of employment. How to apply If you are an experienced A/C Mechanic or Refrigeration Mechanic and are seeking a reputable employer to further your career, then please apply and the team will be in touch to discuss your application in further detail.

Experienced A/C or Refrigeration Mechanic
