Client Description

This Health Service is a 100 + bed, Rural Teaching Hospital, providing acute, non-acute and outpatient services to communities in NSW's far west. It has general medical, surgical, obstetric, paediatric, psychiatric beds, as well as theatre, palliative care, dialysis, oncology, intensive and coronary care units. This includes a ten bed sub-acute rehabilitation and a mental health recovery unit on site. Support services include radiology and pathology departments, as well as a wide range of allied and primary health services. This City is a tourist destination for interstate and international visitors seeking the true gateway to the outback.
