Company: Macquarie

Location: Sydney

Category: computer-and-mathematical

Join our dynamic team working cross-functionally with architects, security, developers, and business stakeholders to contribute to the success of our API management initiatives as an Apigee Engineer.

At Macquarie, we are working to create lasting value for our communities, our clients and our people. We are a global financial services group operating in 34 markets and with 54 years of unbroken profitability. You'll be part of a supportive team where everyone - no matter what role - contributes ideas and drive outcomes.

### **What role will you play?**

You will be responsible for designing, developing, implementing, and maintaining API solutions and governance using the Apigee Edge and Apigee X platforms. You will work closely with cross-functional teams to understand business requirements and translate them into efficient and scalable API solutions.

### **What you offer**

Bachelor's degree in computer science, Engineering, or related field

5+ years of experience working with API management platforms, with a focus on Apigee

Proficiency in Apigee or other API management solution's configuration, customization, and administration

Strong understanding of RESTful API design principles and best practices

Experience with programming languages such as Java, Python, or JavaScript.

We love hearing from anyone inspired to build a better future with us, if you're excited about the role or working at Macquarie we encourage you to apply.

### **Benefits**

Macquarie employees can access a wide range of benefits which, depending on eligibility criteria and location, include:

Hybrid and flexible working arrangements

Wellbeing and service bonus leave

Up to 20 weeks paid parental leave as well as benefits to support you as you transition to life as a working parent

Paid volunteer leave and donation matching

Range of benefits to support your physical, psychological and financial wellbeing

### **About the Corporate Operations Group**

In our Corporate Operations Group, you will work at the heart of Macquarie. Join a collaborative team who accelerate digitalisation, sustainability and social impact for the benefit of our people, customers, shareholders and communities. Our teams include technology, digital transformation and data, operations, human resources, business services, corporate strategy and solutions and the Macquarie Group Foundation.

### **Our commitment to Diversity, Equity and Inclusion**

We are committed to providing a working environment that embraces diversity, equity, and inclusion. We encourage people from all backgrounds to apply for a role regardless of their identity, including gender, race, ethnicity, cultural identity, nationality, age, sexual orientation, gender identity, intersex status, marital or family status, neurodiversity, religion or belief, disabilities, or socio-economic background.

If you require adjustments to your working arrangements or the recruitment process, please let us know when applying.
