

## Automotive Technician and Workshop Controller - AUTOrecruit

[Apply Now](#)

Company: AUTOrecruit

Location: Australia

Category: other-general

An exciting opportunity has become available at this rural, family-owned dealership, for an experienced Automotive Technician and Workshop Controller. These 2 roles will have you joining an award-winning dealership with a great reputation in the area.

This family-owned dealership has been in operation in the area for around 7 years, but the group has been around for decades. This site is located around 2 and a half hours southeast of Perth. They have built modern facilities in the area to ensure customers have a great experience, whether they are browsing new vehicles, or getting their cars serviced.

2 roles are currently on offer at this site. Firstly, they are seeking a dedicated and hard-working Technician, who has Australian dealership experience. A Technician who is fully qualified and has strong diagnostic abilities with modern vehicles.

The 2nd role on offer, is for an experienced Workshop Controller, who has experience leading a team, to reach their full potential. You will need to be fully qualified for this role and have previous experience within a dealership, leading a team of Technicians. You will be responsible for assigning work, ensuring deadlines are met, quality control etc.

To be considered for these roles, you must have:

Cert III in automotive (LV)

Dealership experience

Strong skills in vehicle diagnostics

Leadership and training skills

Be willing to assist junior staff and apprentices.

Take pride in the work you produce.

Full Australian working rights.

In return you will be offered a negotiable remuneration package. This will be based on experience and current trends. However, this is a great opportunity for you to earn a fantastic salary. Optional overtime is available for Technicians, and ongoing factory training will be provided to staff.
