Company: Infosys Singapore & Australia

Location: Sydney

Category: business-and-financial-operations

Infosys Consulting is the worldwide management and IT consultancy unit of the Infosys Group (NYSE: INFY), a global advisor to leading companies for strategy, process engineering, and technology-enabled transformation programs.

We partner with clients to design and implement customized solutions to address their complex business challenges, and to help them in a post-modern ERP world. By combining innovative and human centric approaches with the latest technological advances, we enable organizations to reimagine their future and create sustainable and lasting business value.

A pioneer in breaking down the barriers between strategy and execution, Infosys Consulting delivers superior business value to its clients by advising them on strategy and process optimization as well as IT-enabled transformation. To find out how we go beyond the expected to deliver the exceptional, visit us at Infosys Consulting - a real consultancy for real consultants.

Requirements

Min 5 years' experience as a Business, Data and / or Technical Business Analyst

Advanced technical knowledge of SQL (to query and analyze data), Excel with VBA and experience in other Microsoft Office applications.

Experience in Credit risk or Financial Markets projects preferred, especially in the Data side.

Experience working according to Agile / Scrum principles preferred.

Strong understanding of banking and financial systems

Strong analytical and problem-solving skills

QRM experience advantageous

Good written and verbal communication skills

Benefits

We welcome applications from all members of society irrespective of age, sex, disability, sexual orientation, race, religion, or belief. We make recruiting decisions based on your experience, skills and personality. We believe that employing a diverse workforce is the right thing to do and is central to our success.
