

Business Analyst - Health

[Apply Now](#)

Company: Peoplebank Australia Ltd

Location: Brisbane

Category: other-general

Role - Business Analyst - Healthcare

Duration: ASAP to 6 months (+ possible extensions)

Market Rate (NO agency fee/ admin cost thru PEOPLEBANK)

Flexible work arrangement

Location: South Brisbane, QLD

Purpose

Our Health Client is a recognised leader in paediatric healthcare, teaching and research.

We are seeking couple of Business Analysts with a background in the healthcare industry to assist current in-flight application projects (at various stages of delivery) or support exciting new upcoming projects in software applications and infrastructure.

The Business Analysts will provide support to a variety of ICT-related software application enhancement and/ or infrastructure and security projects, whilst leading requirements analysis, documentation and system design activities.

Key Responsibilities

Undertake review of business processes, architectures, designs, and project plans for the provision of business solutions for large and complex projects and programs of work.

Capture and analyse 'As-Is' and 'To-Be' business process models.

Contribute to the delivery of consolidated and improved business services through developing and applying skills in business analysis processes.

Consult extensively with clients and stakeholders to clarify and document business requirements, make recommendations on the development of new systems, enhancements

to existing systems, processes, and other solutions to meet client needs.

Lead the development, and/or documentation of application operational support model(s)

Lead the development of high-quality and accurate documents and project artefacts.

Ensure client expectations are communicated by providing input to recommendations, findings and a range of options to senior management.

Contribute to stakeholder engagement, assessment and the development of a stakeholder matrix, and ongoing stakeholder management.

Provide a support and mentoring role for other business analysts within the program/project(s).

Mandatory Requirements

Proven experience in Business Analysis roles, or similar

Relevant Business Analysis qualifications and methodologies (such as BABOK, Agile, PRINCE2, etc.)

Experience working with commercial off the shelf and/or bespoke software applications, ICT Infrastructure / Security desirable.

Experience working within the healthcare industry would be highly regarded. For more information, please contact Moitri Banerjee on 07 3291 5408 or Luca Francis on 07 3291 5407 quote reference 261791. To apply please click the 'Apply Now' button. Diversity and inclusion are strongly supported at Peoplebank. People of all nationalities, gender identities, and cultural backgrounds, including Aboriginal and Torres Strait Islander Peoples, are encouraged to apply. #J-18808-Ljbffr
