Business Analyst Virtual Experience at MECCA Brands | Deakin Commerce Society Careers Directory Search Jobs Browse Employers About Deakin Advice Profiles Events Sign in Post job Home Employers MECCA Brands Opportunities MECCA Brands+ Add a review 1,000 - 50,000 employees Overview Apply Jobs & Opportunities 1 Explore Events Business Analyst Virtual Experience In this virtual experience you will be given the opportunity to demonstrate and sharpen the skills required to be a Graduate undertaking a Business Analyst rotation in MECCA's eCommerce team. Opportunity details Opportunity Type Virtual Experience Hiring criteria Entry pathway See details Working rights Australia Australian Citizen Australian Permanent Resident Australian Student Visa Australian Temporary Work Visa Visa Sponsorship Included Read more What is this? Welcome to MECCA's Graduate Rotation (Business Analyst) Virtual Experience. MECCA's eCommerce team is abuzz with opportunity - with the aim of growing our online eCommerce sites to world-leading online beauty platforms, the eCommerce team looks after our online sites from end-to-end, including product merchandise, to the content on our websites, to digital marketing, and site improvements. Our eCommerce team is a fast-paced, agile, clever, and welcoming group. Why should you do this? This Virtual Experience Program is self-paced and should take only 2.5 to 5 hours to complete. This Virtual Experience Program is free for all students. When you complete the Virtual Experience Program, you'll earn a digital badge and certificate you can share on LinkedIn and include on your resume. Throughout the program, you'll learn and develop deep insights into what it is actually like to work as a business at MECCA Brands. Apply your business knowledge to a real-world problem & gain practical experience

and knowledge to draw upon in interviews. What skills will I gain? Scoping the piece of work, including drafting questions for the business and technical teams Designing how the process would work for guest users Developing metrics to measure the success of the feature Devising ideas to extend the feature in the future What you will do? Module 1: Scoping The Work (1 - 2 hours) Draft questions for the business and technical teams in order to scope the project. Module 2: Process Design (30 minutes - 1 hour) Design how the process should work for guest users. Module 3: Measuring Success (30 minutes - 1 hour) To make sure the recommendations we've proposed are working, we'll need to develop metrics to measure the success of the feature. Module 4: Ideation (30 minutes - 1 hour) Ideate and come up with ideas to extend the feature in the future. Ready to get started? Click Register to begin.
