C# Software Engineer, Adelaide

[Apply Now](#)

Company: Wisetech Global Limited

Location: Adelaide

Category: other-general

Having listed on the ASX in 2016, WiseTech Global is an AU\$12 billion+ company that is serious about expansion and technical innovation. Through a combination of organic growth and targeted acquisitions, our global employee head count has increased rapidly, and we're far from slowing down. As a C# Engineer, you will be able to showcase highly innovative work in a free-thinking environment with the support of thousands of years of experience behind you. One of our many mantras is that anyone can talk to anyone at any time, and within this role you will be working with many Senior Software Engineers with the opportunity to expand your own knowledge and skills while working on fulfilling tasks. WiseTech Global is changing the world of logistics through technology. As an innovator, we use software and hardware to solve problems and create new ways of working and living. We build products using the latest software tools and the best hardware platforms and take pride in delivering solutions that make a significant difference to our customers, partners, staff, shareholders and the logistics industry at large. Our people are innovators and visionaries and we have a long track record of building global solutions that are changing the world of logistics.

Requirements We're looking for an experienced C# Software Developer to join our offices in Adelaide and get a chance to experience our rotation program across 3 teams. This includes exposure to various products, frameworks, and coding languages accordingly. We're language agnostic, meaning we welcome all experts of various coding languages. However, having experience with C# is an advantage to our incoming new developers as it's our most commonly used language. Ideal background would be in product-based projects and companies, but not exclusive. We're looking for people who

can come into our offices at least 1 day per week, if not more! We invest heavily in our people from day one and place our developers as the heart of our business. We offer a rotation program that allows you to be exposed to various teams to ensure a soft landing and a comfortable and rewarding career ahead. We offer competitive remuneration and equity packages, a hybrid working model (1-2 days per week in our offices is mandatory to ensure close collaboration), development opportunities in the form of education assistance, mentorship, LinkedIn learning... and then some! Before you apply From time to time, WiseTech Global may use external service providers to assist us with assessing applications, including background checks, on our behalf. Accordingly, by applying for this role and providing your personal information to WiseTech Global, you consent to WiseTech Global providing this information to our external service providers who are required to treat such information with strict confidentiality in line with privacy and data protection laws and regulations. We are a global team of passionate people enabling and empowering the supply chains of the world.
