### **The Body Shop**

When Anita Roddick founded The Body Shop in 1976, she had a vision. Business as a force for good – that's us. Over 40 years later, we're proud to be pioneering cruelty-free beauty every step of the way. We're the original ethical beauty brand. We've got a thing for empowering people and enriching our planet. We're all about keeping it real, in every way possible. Our activist roots remain a huge part of everything we do, from our iconic window posters to our vegetarian products to our infamous campaigns. We're never afraid to stand up and speak the truth. We like to do things a little differently around here.

The Body Shop is committed to generating positive economic, social and environmental impact. We're fighting for what we believe in now more than ever. No holding back. Breaking the mould has always come naturally to us, and we need someone who's not afraid to mix things up.

### **Your role in a nutshell**

As part of our dedicated team of consultants you will offer advice to our customers and provide an inspirational insight into The Body Shop products and philosophy. You will get to learn the products, their origins and proactively engage with customers to experience a range that suits their preferences and lifestyle.

## **More about the role**

Learn and understand our products - they're packed with natural ingredients, many of which have been sourced ethically using Community Trade programmes , we're not just selling a skin care routine, we're also helping communities build a better life

Learn our customer's needs and recommend any of our 2,000 vegetarian/vegan products that will make them feel so good

Support the store management team in driving sales and profit within the store through the delivery of exceptional customer service

## **What we look for**

Interest in connecting with customers to drive customer engagement

Open availability for evening, weekend, and holiday shifts.

## **What we offer**

Comprehensive onboarding in your new position

Training hours for you & your team as needed

A 50% discount on regular product & 30% on Gifts

Freebies - when we launch new products, we want our Teams to be the first to fall in love with them

Volunteer time so you can spend time with the causes that matter to you

Ability to make connections with Community Partners to drive local activism

(UN) Uniform- We don't believe in uniformity. We'll give you one of our famous Green Aprons and the rest is up to you, wear what makes you feel good

Opportunities to grow within the Brand

Encouragement & support to be exactly who you are - employees may join any/all our Inclusion & Belonging Networks at The Body Shop, including TBS Together Pride, SEEN Ethnicity, GO Far Gender & This Ability Disability Network
