

## Civil Designer

[Apply Now](#)

Company: Maxima

Location: Australia

Category: other-general

We are currently seeking a talented and experienced Civil Designer to join a growing team. As a Civil Designer, you will play a vital role in the planning, design, and implementation of various civil engineering projects. If you have a passion for designing and developing infrastructure solutions, exceptional technical skills, and a keen eye for detail, we want to hear from you!

**Responsibilities:** Collaborate with project managers, engineers, and other stakeholders to develop comprehensive civil design plans for infrastructure projects, including roads, highways, bridges, and drainage systems. Utilize computer-aided design (CAD) software and other design tools to create detailed drawings, models, and plans. Conduct site visits and surveys to gather necessary data for design and ensure compliance with regulatory requirements. Perform detailed calculations and analysis to determine project specifications, materials, and dimensions. Prepare and present design proposals, reports, and other technical documentation to clients and project that designs meet applicable codes, standards, and best practices, incorporating sustainable and environmentally friendly design principles when possible. Collaborate with drafting technicians and other team members to ensure accurate and timely completion of design and evaluate contractor submissions, providing technical guidance and resolving design-related issues during construction updated on industry trends, emerging technologies, and regulations related to civil design and engineering.

**Required Qualifications:** Tertiary qualification in Civil Engineering (Diploma in Civil Engineering minimum requirement) or substantial progress towards relevant formal qualifications. Experience in Civil and Road Design design, detailing, estimating and knowledge of Road, Traffic and Drainage relevant matters and knowledge of Local

Government Act, Road Traffic Code and other relevant Acts and knowledge of relevant Australian Standards, IPWEA, Liveable Neighbourhoods, MRWA, AUSTRROADS and ARRB knowledge of project management. Knowledge of Traffic modelling. Comprehensive skills in the use of AutoCAD in road and civil design and drafting 3D detail Road design experience essential. Comprehensive skills in the use of Windows software. Developed skills in report writing and correspondence. Developed skills in critical thinking and problem solving. Developed skills in project management practices. Construction Induction Card. Possession of or ability to obtain a National Police Certificate. 40AUD Australia - WAPerthFremantle & Southern SuburbsArmadale6112
