

Civil Engineer

Apply Now

Company: Moyne Shire Council

Location: Australia

Category: other-general

Reference number 68-2023 Job type Permanent full-time Package \$96,643 - \$108,139 per annum per annum plus superannuation contributions We are currently seeking a suitably qualified and experienced civil engineer to join the Moyne team. The position will assist the Engineering Coordinator with key council services to undertake road and drainage design, survey, project delivery, level 1 bridge inspections and responding to customer service requests. This exciting role while delivering key services to Council will also achieve asset management outcomes that contribute to road safety initiatives for the Shire. To be successful in this role you will need Qualifications Bachelor of civil engineering qualifications giving eligibility for membership of the Institute of Engineers (Australia) Experience Minimum of five years experience in road/drainage design and/or civil construction. Key selection criteria 1 Demonstrated experience in road and drainage design. Key selection criteria 2 Demonstrated experience in construction works and supervision associated with local government or similar organisations. Key selection criteria 3 Well-developed communication skills including experience in providing direction to staff and consultants, and the ability to prepare written reports and correspondence. Applications that fail to address the above key selection criteria will not be considered for this position. For more information A full position description, the key selection criteria and information on how to apply can be found in the information package, or by requesting a copy from customer service on (03) 5568 0555. For further information about the position or duties involved, please contact Steve Van Orsouw, Manager Assets and Infrastructure on 0429 985 470 or on steve.vanorsouw@moyne.vic.gov.au.
