Our Company

We exist to bring amazing people together to explore the art of possible.

Bailey Abbott are a progressive and dynamic IT Consultancy business working across both Public and Private sectors. People are at the core of everything we do. We're all about nurturing and inspiring people – ours and our clients. We bring a positive attitude and mindset to everything we do. We confidently use our knowledge and skills to solve problems, finding a better and easier way forward.

We deliver transformational outcomes to take businesses further, fearlessly. Confidence and trust is fundamental to delivering superior outcomes and we take ownership and responsibility for our commitments.

Our People

Our specialist IT Consultants are creative, collaborative, and passionate. We're strong advocates for change, challenging the status quo through new thinking, technology, and practices. Always exploring creative ways to simplify complexity.

As a Consultant with Bailey Abbott, you will have the opportunity to build your project portfolio by gaining exposure and experience working across different clients, industries, technologies, and methodologies, all while having the stability and security of a permanent position.

Our Career Opportunity

When you assemble an extraordinary group of individuals with a wide range of backgrounds and skills, something truly magical occurs. By cultivating an environment and fostering a culture that encourages and inspires, we unlock the full potential of each person, allowing

them to bring forth their very best.

At Bailey Abbott, we are on a growth path and are interested in hearing from specialists who thrive on simplifying complexity, who are willing and ready to challenge the status quo and are anticipators and collaborators.

We are seeking Consultants with expertise across:

Project Management

Business Analysis

Data Intelligence

Architecture

Change Management

Working as a Consultant you will get the opportunity to:

Represent Bailey Abbott, sharing your skills and knowledge to help deliver projects for our clients

Develop a comprehensive project portfolio by engaging with various clients, industries, technologies, and methodologies

Work within an active community of practice, enabling you to benefit from their years of collective experience and wisdom

Execute digital transformation initiatives that create a meaningful impact for people on a daily basis

Work with a company that actively empower, support, and encourage one another to achieve their career goals

An industry recognised qualification in Information Technology or related discipline

Proven track record in consulting roles or a strong aspiration to embody the essence of a genuine Consultant

Experience working in complex IT environments

Experience across multiple software solutions and industries

Relevant industry certifications and accreditations

Broad based technology experience, including cloud computing, data warehousing, applications development, relational databases, analytics, networking, security, storage, deployment, management and monitoring

Paid Birthday Leave

Access to Employee Assistance Program

Novated Leasing

Flexible Working Options

Regular team gatherings including monthly team lunch

Professional development opportunities and continuous learning

Financial benefits through Discount Store

Our clients are diverse and so are we. We engage with great talent from all walks of life to bring their extensive and varied experience to help promote innovation. We encourage applications from candidates from all backgrounds to further strengthen Bailey Abbott.

Bailey Abbott. Explore Possible.#J-18808-Ljbfrr
