### **The Location**

#### **( One Location in focus: Bunbury )**

The South West Region of Australia offers professional people an exceptional mix of lifestyle and residential opportunities. A seaside city that offers protected beach bays minutes from local bars and restaurants, boutique shops, and alluring coffee houses and cafés dotting street art corners and hidden alleyways. One minute you can be walking down the main street, and in the next hit the water where wild bottlenose dolphins can be spotted close to shore.

The nearby Ferguson Valley or Margaret River region is an absolute must for lovers of wine. Cape Mentelle, Vasse Felix and Leeuwin Estate are just some of the exceptional vineyards there.

The Indian Ocean provides a sanctuary for the famous dolphins and its beaches are a haven for those seeking to get away from it all. For those who want to watch their children play in the sand, or those who just want to unwind, surf, walk, or simply be close to the sea; Bunbury offers the classic Aussie lifestyle.

#### **Final note:**

Arranging a position overseas is very exciting, but we understand that it can also be daunting and time-consuming. We're the UK's specialist in international medical recruitment and we've helped many Doctors relocate since we first started in 2008 (you can read what people have said about working with us on our testimonials page). We know it's important to balance career opportunities with lifestyle and we'll talk through your plans and will get to know you to make sure we find the right role in the right location.

Once we have secured a job for you, we'll manage the Medical Registration and Visa application process, and support you (and your family) with the relocation itself.
