

## Cyber Security Consultant - Experienced GRC Specialists

Apply Now

Company: Canberracyberhub

Location: Canberra

Category: other-general

Cyber Security Consultant - Experienced GRC SpecialistsMF & Associates are looking for experienced Cyber Security consultants to help deliver continual improvement of cyber security governance, risk and compliance, architecture, and technical consulting services to a major Australian Federal Government client. You will also be exposed to work developing cyber security policies and cyber security strategies.

You will work in a highly skilled team of industry experts, providing security advice and guidance to assist our client with their governance, risk, and compliance requirements.

While supporting the uplift of security posture and the understanding of security best practices across the organisation.
