

Data Analyst

[Apply Now](#)

Company: Peoplebank Australia Ltd

Location: Western Australia

Category: other-general

Data Analyst: 6 months initial contract with possible extension
Based in Joondalup
Skills: Microsoft Power BI, Microsoft Azure analytics, ETL processes and data integration
Our client is looking for a Data Analyst with a strong background in Power BI, Azure Data Factory, SQL, and ETL processes. As a Data Analytics Specialist, you will play a crucial role in transforming raw data into meaningful insights, enabling informed business decisions.

Responsibilities: Utilising Microsoft Power BI to create insightful and actionable visualisations. Build data pipelines and data reporting services that take unstructured data and structure it in such a way that it can be digested and used to make decisions and reporting. Apply a variety of visualisation techniques and design the content and appearance of information and data visuals to generate insights, create value and support decision making. Skills: Experience in Microsoft Azure analytics services for seamless integration and data flow. Exposure to Microsoft Fabric would be advantageous. Strong background in ETL processes and data integration. Expertise in data modelling and dimensional data modelling for effective data representation and analysis. Proficient in writing and optimising SQL queries to extract and manipulate data from various sources. Experience with OracleSQL Azure databases to extract, transform, and load data. Familiarity with cloud platforms, particularly Microsoft Azure. How to Apply If you are interested and possess the right experience, please apply now via the link below.

Contact: Maria Hecto - (08) 9423 1407 - (Job reference: 260181)

Diversity and inclusion are strongly supported at Peoplebank. People of all nationalities, gender identities, and cultural backgrounds, including Aboriginal and Torres Strait Islander

Peoples, are encouraged to apply.
