Company: DB Schenker Arkas Nakliyat ve Ticaret

Location: Australia

Category: other-general

Join DB Schenker, a global leader in logistics, as we support a world-renowned tech client in the vibrant heart of Western Sydney. We are seeking a dedicated Data Centre Maintenance Supervisor to oversee critical operations, focusing on managing functions within our dynamic data centre environment, without direct reports.

Role Overview:As the backbone of our data centre operations, you will ensure the smooth functioning of hardware and support our technicians with parts upgrades, troubleshooting, and maintenance. This position offers a unique opportunity to work alongside some of the industry's top engineers, handling cutting-edge technology every day.

Key Responsibilities:Supervise and perform hardware upgrades and replacementsManage inventory to ensure parts availability and process efficiencyMaintain detailed documentation and generate insightful reports on maintenance activitiesUphold stringent compliance with security protocols and quality assurance standardsAddress a variety of ad hoc tasks, maintaining organisational standards within the data centre

Ideal Candidate Profile:1-3 years of experience in data centre operations, preferably with supervisory experienceRobust IT and computer skills, with hands-on experience in data centre environmentsStrong understanding of WMS systems; experience in a 3PL or technical environment is beneficialExcellent problem-solving abilities, detail-oriented, capable of managing multiple tasksSuperb communication skills and proficiency in EnglishHolds a diploma or equivalent in a technical field; additional certifications in IT or computer science are advantageousMust be an Australian citizen (essential for security clearance)

This role is perfect for those looking to elevate their career in IT and engineering within a world-class facility. Whether you are an experienced logistics professional or a recent IT

graduate, if you have the drive and the skills, we want to hear from you. Why DB Schenker? At DB Schenker, you will be part of a culture that promotes innovation, growth opportunities, and values your contribution on projects that make a significant difference. This role does not involve direct team management, providing a unique blend of leadership responsibilities and technical hands-on work. Ready to take on a key role with a leading logistics company and make a significant impact on our operations? Apply today!
