About us

NCI is the leading national provider of high-end computational and data-intensive services, with a national and international reputation for expertise and innovation. NCI manages the largest collection of research scientific datasets in the country with well over 15 Pbytes, which is then used in various fields of research from climate data analysis to modern uses of Artificial Intelligence. NCI forms an integral part of the Australian Government's research infrastructure strategy, and is engaged with and embedded in research communities, high-impact research centres, and research institutions nationally. As an organisation, NCI is built on, and sustained by Australia's national university, its national science agency (CSIRO), its national

meteorological agency (the Bureau of Meteorology), and its national geoscience agency (Geoscience Australia).

The Role

The role of Data Information Systems Specialist will:

Play a leading role in scientific data informatics technology

Evaluate and improve the quality, integration and interoperability of data information systems including automation

Contribute to user engagement, training and reporting

Maintain currency with data management information system advances

Skills and Requirements

Solid software development skills (Python experience desirable)

Experience in Linux System Administration preferred (automation with Puppet/Ansible desirable extra)

Experience with Elastic (ELK) Stack desirable

Excellent communication skills

Helpful and supportive team member

While the position is based in Canberra, we are open to remote working arrangements for the right candidate.

Apply now; your exciting and rewarding new career awaits!

For further information, please contact Andrew Robinson, Associate Director - Data Management E: andrew.robinson1@anu.edu.au

The University actively encourages applications from Aboriginal and Torres Strait Islander people. For more information on employment opportunities at the ANU, visit

<https://services.anu.edu.au/human-resources/respect-inclusion/aboriginal-torres-strait-islander-employment>.

ANU values diversity and inclusion and believes employment opportunities must not be limited by socio-economic background, race, religion or gender. For more information about staff equity at ANU, visit <https://services.anu.edu.au/human-resources/respect-inclusion>.

Application information

In order to apply for this role please make sure that you upload the following documents:

A statement addressing the selection criteria.

A current curriculum vitae (CV) which includes the names and contact details of at least two referees (preferably including a current or previous supervisor). If your CV does not include referees you can complete these online when prompted in the application form.

Other documents, if required.

Applications which do not address the selection criteria may not be considered for the position.

Please note: The successful candidate must have rights to live and work in this country and will be required to undergo a background check during the recruitment process. An offer of employment is conditional on satisfactory results.
