desirable, but not mandatory.

As part of the DS&I team you will:

Work in a Defence or National Security environment as part of a collaborative and multi-disciplinary Synergy team

Lead / oversee small teams and assist in decision-making and engagement at multiple levels of seniority

Deliver project management work outputs to provide business solution advice and options

Manage internal and external, team and client communications

Be responsible for the development, implementation, compliance and review of policies, processes and procedures

Increase the organisation's ability to meet changing needs in complex environments

Support engagement at multiple levels of seniority

Work with sensitive and classified material and adhere to the Defence Security Principles Framework (DSPF)

Provide generalist support to client and company

You Should Be Able To Demonstrate

5 years or more experience in Defence or National Security

Be able to apply critical thinking and research skills to deconstruct diverse and complex business problems

Knowledge of, and compliance with, legislative frameworks, government decision-making and Defence's mission and policy requirements

Written and communication skills of a high standard

Comfort with ambiguity

An ability to learn quickly and adapt to change

Sound judgement for prioritising work and involving other expertise when needed.

You must therefore be an Australian citizen, preferably with an existing NV1 security clearance.
