Job Description PEGA Developer 15 months contract with 2x12 months extension options!
Location – ACT, VIC - Hybrid work arrangement! Australian Citizens with current Baseline clearance Infinite Consulting is seeking a motivated PEGA Developer for our esteemed Federal Government Client. This is an ASAP start for a 15 months contract ; 2x12 months option to extend is possible based on funding and approval. About the Role: You will be a self-motivated, competent Developer and will have a strong technical background in building releasing large complex (SaaS and PaaS) systems, integrating them with other systems. You will have deep understanding of micro-services architecture, AWS, Pega (ideally version 23), Low-code applications platforms, UI frameworks and DevOps practices. In this role, you will: Assist the Tech Lead and Solution Architect to identify and manage technical risks. Develop a strong understanding of user needs and take part in technical deep dive workshops to explore technical design options. Assist running Proof of Concepts and running technical spikes. Assist the Solution Architect and Tech Lead to create and maintain detailed designs. Take part in team activities, including Feature and User story refinement, effort estimations and planning. Document 'as-built' product design details for software deployed to production. Essential Role Requirements : 5+ years developing in Pega. Experience developing PaaS and SaaS products. Experience Developing in agile teams. Demonstrated experience in Pega 8.8 or 23 Infinity - Desirable. Demonstrated experience in React/VUE.JS development - Desirable. Demonstrated experience in MuleSoft API development - Desirable. Demonstrated experience with AWS - Desirable. Submission Requirements: Initial term: 15 months Extension: 2x12 months extension options Clearance: Australian Citizens with Baseline

clearance Submission deadline: 12/03/2024 If you are interested in finding out more about the role, apply today or contact Varsha on 02-6257 8888 for a full assignment brief.
