Northern Adelaide Local Health Network – Corporate – Elizabeth Vale Salary: \$102,641 -

\$110,094 p.a – AHP3, RN/M3; Temporary Part-Time – 0.8FTE up until 20 December 2024

Northern Adelaide Local Health Network (NALHN) is eager to recruit an Digital Health Clinical

Business Partner to work in our dynamic, growing and supportive team, to help us deliver

exceptional care to our community. About Us: Located on Kaurana Country, in the North and

North-Eastern Suburbs of Adelaide, close to the world-famous Barossa Valley wine region,

and within 30 minutes of the CBD, NALHN serves more than 400 000 people at the Lyell

McEwin and Modbury Hospitals, along with our state-of-the-art Specialist Ambulatory

Rehabilitation Centre and our community and home-based sites. The network boasts

newly redeveloped wards and Emergency and Outpatient Departments, with plans for the

addition of more brand-new facilities in the near future. Our 300-plus Allied Health

professionals play an integral role in multidisciplinary teams delivering outstanding care to

patients across our acute, subacute and hospital avoidance services. At NALHN Everyone

Has a Story, Everyone Matters, Everyone Contributes and Everyone Grows. At NALHN, we

have a strong commitment to providing a clinically interesting professional experience, with

structured and supportive education and professional development, and career progression

pathways. Some feedback from current employees about working as Professionals in NALHN

includes: My favourite part about working in NALHN is the close working relationships

we have across Allied Health to optimise patient care I feel like I'm part of a growing and

developing service I love the great team dynamic and the culture of learning and

support About You: Are you a dedicated, compassionate and enthusiastic Digital Health

Clinical Business Partner looking for an opportunity to join a dynamic, growing healthcare network where you will be part of a supportive team delivering high quality care to the community? If so, then this could be the opportunity for you. This position will offer you professional growth opportunities within a supportive and inclusive culture. In this role you will have strong interpersonal and communication skills which will enable you to successfully problem solve, resolve conflicts and negotiate, including the ability to engage in difficult conversations, whilst building and maintaining relationships. An ability to effectively manage multiple, diverse and competing priorities and demonstrated resilience within a stressful and complex environment is essential to this role.

About the Role: An exciting opportunity is presented to work within the Northern Adelaide Local Health Network as a Digital Health Clinical Business Partner within the Corporate Division.

The Digital Health Clinical Business Partner:

- > Assists with the planning, consultation, development, and evaluation of stakeholder requirements regarding digital health initiatives, including exploring opportunities for optimisation.
- > Support the coordination, planning and facilitation of training of staff in digital health solutions, including but not limited to the Electronic Medical Record (EMR)
- > Supports development and delivery of staff education and training regarding new and improved digital health solutions and advocates for improved digital literacy across NALHN.
- > Supports creation and implementation of contemporary information and data governance principles and workflows that support and promote the delivery and enhancement of NALHN digital health projects.
- > Works closely with a wide range of stakeholders to support change management and continuous improvement activities that aim to deliver timely and valuable outcomes that meet business needs.
- > Applies knowledge to assist in effective continuous improvement focusing on the delivery of innovative digital health solutions to support clinical workflows across NALHN.
- > Leads the development and maintenance of program documentation and clinical processes, including but not limited to project plans, business specification requirements, change management plans, business continuity plans, procurement documentation/briefs etc.
