

Director Pavement Rehabilitation

[Apply Now](#)

Company: Hudson

Location: Melbourne

Category: other-general

The Organisation - TMR delivering for Queensland Transport and Main Roads (TMR) is a vital government agency moving and connecting people, places, goods and services safely, efficiently and effectively around Queensland. Of significant scale and scope, TMR and its people share a common value - to drive positive change and to make a difference. In this leadership role, add value to Queensland and support the creation of a single integrated transport network accessible to everyone!

Brisbane Based Opportunity - Strategic, Operational & Technical Leadership

As Director Pavement Rehabilitation, you will lead a team contributing to the Pavements, Materials and Geotechnical (PMG) Unit's risk management of the State's road network, and provide authoritative, pavement rehabilitation engineering advice, consultancy and project management to TMR and external clients. Reporting to the Deputy Chief Engineer (Pavements, Materials, Geotechnical) (PMG), this exciting and vital role strategically and operationally delivers to the Engineering and Technology 4 Year Plan to achieve the vision of sustainable, resilient roads to benefit the environment, community and economy. You will take a global view, keep abreast of industry developments and maintain a comprehensive knowledge and understanding of leading edge technology, specifications, standards and procedures used at state, national and international levels. You will lead innovation to deliver on best practice infrastructure solutions (pavement recycling and rehabilitation practices and design) for PMG and therefore, contribute to safer and resilient roads for Queensland and road design of the future. Delivering to TMR Districts and Regions as a trusted advisor, you will understand their challenges and key issues. In support, as an accountable and innovative Director, you will lead multi-disciplinary project co-ordination

and regular performance reporting, and ensure strategic and business plans are developed and evaluated. You will model customer centricity and further develop valued industry networks and client relationships. As an inspiring and contemporary leader of highly regarded teams, you will ensure employment equity, ethical practice and integrity in decision making. Culturally you will continue to inspire client centricity, accountability and professionalism in the broadest sense, and to build capability and technical expertise for the future, you will promote the benefits of knowledge sharing, collaboration and continuous learning / professional development.

Your Experience We are seeking high performing and engaging leaders of technical teams, who have a demonstrated history of meeting corporate service delivery and governance expectations, with expertise in pavement rehabilitation. A Washington Accord accredited four-year degree in Engineering or equivalence recognised by Engineers Australia, and RPEQ Registration as a Professional Engineer are mandatory.
