The Location.....

Kalgoorlie is the hub of the Western Australian Goldfields and the largest city in the Australian Outback. From wild beginnings as a gold rush town full of fortune-seekers it has grown into a bustling cosmopolitan twin city with a distinctive character. And being just an hour's flight or a day's drive/train journey from Perth, it's a popular tourist destination.

The town has a thriving nightlife and a wide variety of modern tourist attractions, shops and leisure facilities. In fact, the city has more restaurants and hotels per capita than any other regional centre in Western Australia, and plays host to many of the region's biggest events.

Art comes naturally to the many locals who live and work in the community. Photography, painting, drawing and sculpture are showcased at retail outlets, exhibitions and competitions throughout the region.

The Goldfields Arts Centre, located in the centre of town, is the premier entertainment venue in the Goldfields. It has a wide range of state-of-the-art facilities, including a 700-seat theatre, and an A-class gallery, which stages many quality exhibitions throughout the year.

How Head Medical can help...

Arranging a position overseas is very exciting, but we understand that it can also be daunting and time consuming. We're the UK's specialist in international medical recruitment and we've helped many Doctors relocate since we first started out in 2008 (you can read what people have said about working with us on our testimonials page). We know it's important to balance career opportunities with lifestyle and we'll talk through your plans and will get to know you to make sure we find the right role in the right location.

Once we have secured a job for you, we'll manage the Medical Registration and Visa application process, and support you (and your family) with the relocation itself.
