

Electrical Engineer - Randstad

[Apply Now](#)

Company: Randstad

Location: South Australia

Category: other-general

The Company This Adelaide based, reputable engineering firm has been a high level service provider for over 40 years. They design, develop, plan and project manage a variety of solutions for their clients in the resources, mining, oil & gas sectors nationwide. Due to continued growth they are looking for a Principal / Senior Electrical Engineer with complete project life cycle experience from detail design through project engineering, construction and commissioning and a background in the Australian water, mining, oil & gas sectors.

The Role Reporting to the Engineering Manager, you will be working as the Senior member in the team on a range of projects designing new and improving existing systems with multiple clients. You will be in direct communication and consultation with clients to understand scope, troubleshoot potential issues and take the lead on designing and developing solutions for their needs. We are looking for those who have a passion to see projects through the design and construct phases, have strong technical expertise and the ability to lead and assist others at all levels.

Qualification, Experience and Requirements

Bachelor or higher of relevant Electrical Engineering

Strong technical expertise / Subject Matter Expert (SME) in field

Experience working fluidly at a high level of project delivery across multiple industries simultaneously

High level communication / people skills, able to build rapport and lead others

Design through Commissioning experience in Australian water, mining or oil & gas sectors

Experience working on projects with SA Water, BHP, Santos or Beach Energy advantageous

Able to communicate and liaise with clients and stakeholders across all levels

Be re/located in Adelaide with unrestricted Australian working rights

What you get in return Whilst having the opportunity to work with some of the leaders in the industry, you will gain great exposure with some of the largest clients in SA and Nationally. You will have freedom to work and run projects as you see fit (in line with company standards) and be offered an attractive salary package with travel and career development opportunities available.

Your next steps If you are a Principal / Senior Electrical Engineer looking for a change or to advance your career, apply through the link or for more information contact Justin Martin, Principal Consultant - Hydrogen, Oil and Gas at

At Randstad, we are passionate about providing equal employment opportunities and embracing diversity to the benefit of all. We actively encourage applications from any background.
