

## ELECTRICIAN / GAS FITTER | KALGAS ENERGY SERVICES

[Apply Now](#)

Company: The People and Culture Office

Location: Kalgoorlie - Boulder

Category: other-general

This is anything but your standard electrical position! Kalgas Energy Services are on the hunt for an accomplished Electrician to undertake further training as a Gas Fitter. As an **Electrician / Gas Fitter** you will be working on gas turbines, kilns, smelting furnaces, flux dryers and other mining, industrial and commercial applications throughout the Goldfields region.

**Kalgas Energy Services are growing, so if you are a talented electrician looking to move into a niche industry this ad is just for you.**

**Within this role you will be responsible for:**

Repairs, maintenance and servicing of industrial and commercial oil and gas fired appliances

Installation and maintenance servicing of natural gas and LPG supply pipework

Inspection and maintenance of steam boilers

Installation, commissioning and servicing of gas engine power generators

Electrical contracting

**As we mentioned above, Kalgas Energy Services will support your gas fitter training, but we require you to already possess:**

WA registered Electricians Licence

Instrumentation experience

Demonstrated experience in mining & industrial applications

A positive safety focus

High attention to detail and work quality

Ability to meet site access medical and criminal history checks

This position involves regular travel to remote sites and will involve periods away from home.

**This position is offered as Kalgoorlie residential only.**

**In return Kalgas Energy Services will provide:**

Flat hourly rate in the range of \$65 p/h – \$75 p/h

Access to work vehicle

Secure employment

Opportunities for growth & development

Salary sacrifice (if eligible)

To apply please upload your resume to our external HR Business Partner, The People & Culture Office. **Shortlisting will commence immediately.**
