Head Medical have Emergency Medicine opportunities suited to post Foundation Doctors located in Hobart, Tasmania – a vibrant city with beautiful natural surroundings. Clinically, you will gain exposure to a diverse caseload with an array of educational opportunities available. Life/Work balance is at the very heart of the Tasmanian lifestyle - if you love the great outdoors, this is the right location for you!

Tertiary Trauma referral centre

Fantastic lifestyle, with a laidback cosmopolitan vibe

For climbers and rock climbers, why not visit Mount Wellington

Enjoy the array of Water sports on offer; from snorkelling, paddle boarding, and water-skiing, to wind and kite surfing!

Salary \$92,500 - \$131,000 AUD per annum (depending on experience)

Easy access to Melbourne and Sydney with short, regular, daily flights

The Role

The hospital is the state's Trauma and Tertiary referral centre. The Department provides services to circ. 75,000 patients annually with an admission rate of 35% and a 20% Paediatric case load. There is also an Emergency Medical Unit which has 28 short stay beds with a variety of clinical presentations.

This is a great opportunity to join a supportive and collaborative team and you will

gain exposure to a varied caseload and a number of training and development opportunities.

The Location

Hobart is the capital city of Tasmania that sits right on the water, it's a picturesque and interesting place to explore. Here, you can enjoy all the facilities of modern city living with excellent schools and affordable housing, whilst being free of traffic and large commutes.

And ask any Australian, Tasmania is known for its beautiful fresh produce and seafood. There's a real dedication to providing a truly authentic food and wine experience. The temperate climate and four distinct seasons - including gloriously hot summers without the oppressive conditions and cool winters - the region has perfect winegrowing conditions and this is reflected in the excellent wines produced all around Tasmania, with lots of little boutique vineyards you can spend time wine tasting.

Being such a compact island state, it's easy to explore and go beyond the city up into the mountains or along the coastal roads. The diverse landscape lends itself to just about every outdoor experience you could wish for, from the world class golf courses, long distance running courses, mountain bike trails, and of course, the famous Sydney to Hobart yacht racing. But there really is so much to see and do! Easy access to Melbourne and Sydney with short, regular, daily flights.

What Head Medical can do for you

Arranging a position overseas is very exciting, but we understand that it can also be daunting and time consuming. We're the UK's specialist in international medical recruitment and we've helped many Doctors relocate since we first started out in 2008 (you can read what people have said about working with us on our testimonials page). We know it's important to balance career opportunities with lifestyle and we'll talk through your plans and will get to know you to make sure we find the right role in the right location. Once we have secured a job for you, we'll manage the Medical Registration and Visa application process, and support you (and your family) with the relocation itself
