The Indian Ocean provides a sanctuary for the famous dolphins and its beaches are a haven for those seeking to get away from it all. For those who want to watch their children play in the sand, or those who just want to unwind, to surf, walk or simply be close to the sea; Bunbury offers the classic Aussie lifestyle.

What Head Medical can do for you

Arranging a position overseas is very exciting, but we understand that it can also be daunting and time consuming. We're the UK's specialist in international medical recruitment and we've helped many Doctors relocate since we first started out in 2008 (you can read what people have said about working with us on our testimonials page). We know it's important to balance career opportunities with lifestyle and we'll talk through your plans and will get to know you to make sure we find the right role in the right location. Once we have secured a job for you, we'll manage the Medical Registration and Visa application process, and support you (and your family) with the relocation itself.
