

Enterprise Architect - Platform

[Apply Now](#)

Company: Sense Recruitment

Location: Perth

Category: other-general

Are you ready to embark on an architectural adventure that goes beyond the ordinary? Do you have a passion for shaping the future of digital platforms? If so, we want you to be our Platform Enterprise Architect! About Us: We're not your typical workplace. We're a dynamic team, obsessed with innovation, and we're on a mission to transform the digital landscape. As a Platform Enterprise Architect, you won't just be a part of our team – you'll be at the heart of it, driving change and making a real impact. What You'll Do Platform Magic: You'll work your magic within our Platforms team, where we're all about delivering value through our AWS-powered Digital Platform. We're not just architects; we're digital wizards. Future-Proofing: Your crystal ball will be the Digital Roadmap. You'll ensure that our Digital Platform is ready for the future while delivering maximum value for today's needs. AWS Aficionado: You'll need to speak AWS fluently. Your understanding of AWS services will be your secret weapon in shaping our Digital Platform. Jack of All Trades: We're not just about architecture; we cover it all – Digital Experience, Integration, Data and Analytics, and Software Engineering/Development platforms. Your Key Responsibilities: Platform Design: You'll be the bridge between business needs and scalable solutions, helping us turn ideas into reality. System Architecture: You'll be the architect-in-chief, defining high-level system and application architecture. Technology choices? That's your call. Technical Leadership: We're looking to you for guidance and leadership. Your expertise will ensure our teams align with our architecture principles and the Digital Roadmap. Roadmaps for Days: You'll craft the roadmap for your area, ensuring it syncs with our Enterprise Architecture vision. To Succeed, You Should: Be a Master Architect: Your qualifications and extensive experience in ICT,

especially in enterprise architecture, are your tickets to this show. **Team Player:** Our team culture is everything. Embrace it, embody it, and make it your own. **Strategic Thinker, Pragmatic Doer:** You'll need to balance big-picture thinking with real-world execution. **Domain Dynamo:** If you've got specific architectural domains in your arsenal, we want to hear about it. **Communication Pro:** Your ability to connect with stakeholders and negotiate like a pro is non-negotiable. **Relationship Builder:** Forge strong connections with other IT teams to ensure our solutions meet the wider business's needs. **Problem Solver Extraordinaire:** Complex challenges are your playground, and you're committed to continuous improvement. **Join Us for the Digital Revolution:** In this role, you won't just solve complex challenges; you'll be part of a passionate team driving the digital transformation. If you're ready to architect the future, apply now and be part of something extraordinary. #J-18808-Ljbffr
