Enterprise Architect – Salesforce Practice – Sydney / Melbourne Permanent \$190,000 – \$210,000 + super + bonus

CalibrX is the leading Salesforce recruitment agency in Australia, and we are excited to partner with the Salesforce Practice at a Big 4 consulting firm and add an Enterprise Architect to their award-winning team. The business boasts an innovative and expanding Salesforce team that collaborates with global leaders across various industries to deliver cutting-edge solutions. They foster a culture of excellence, innovation, and diversity, encouraging continuous learning and growth.

**The Role:** As an Enterprise Architect within the Salesforce Practice, you will play a pivotal role in shaping the architectural landscape of their clients' businesses. You will leverage your deep expertise in Salesforce technologies, combined with a strategic understanding of enterprise architecture, to design and implement robust, scalable solutions that align with business goals and technology strategy. This role demands a balance between technical proficiency, strategic thinking, and leadership, ensuring that Salesforce solutions effectively integrate with the broader enterprise architecture to drive digital transformation.

**Key Responsibilities:** Lead the development and execution of enterprise architecture strategies for Salesforce implementations, ensuring alignment with the overall business strategy and technology landscape. Design scalable, secure, and resilient Salesforce solutions that meet the complex business requirements of large-scale organizations. Act as a liaison between the business, IT, and Salesforce practice, translating business requirements into technical solutions that fully leverage Salesforce capabilities. Guide and mentor a team of architects and developers, fostering an environment of continuous learning and improvement. Stay abreast of the latest Salesforce features,

tools, and best practices, incorporating them into the enterprise architecture where appropriate. Lead architectural discussions and workshops with stakeholders at all levels, including C-suite, to drive decision-making and consensus. Ensure compliance with industry standards, security policies, and architectural guidelines. Qualifications: Proven experience in Salesforce solutions architecture, with a strong understanding of Salesforce products, features, and limitations. Transitioning from a Salesforce-focused role to a broader enterprise architecture perspective, with the ability to integrate Salesforce solutions into a comprehensive enterprise architecture. Strong analytical and problem-solving skills, with the ability to understand complex systems and business processes. Excellent leadership and team management skills, with experience leading cross-functional teams in a dynamic environment. Outstanding communication and interpersonal skills, with the ability to articulate technical concepts to non-technical stakeholders. Familiarity with enterprise architecture frameworks (e.g., TOGAF, Zachman) is a plus. A strategic thinker with a passion for innovation and a commitment to delivering excellence. Salesforce certifications (e.g., Certified Application Architect and/or System Architect) are highly desirable. What's on Offer Be part of a world-class team of professionals in a culture that values innovation, leadership, and collaboration. Enjoy professional growth and development opportunities, including access to training and certifications in cutting-edge technologies. Work with top-tier clients, solving complex challenges and making a real impact on their business. Think this is the role for you? Apply now. This role is only open to Australian Citizens and PR Holders#J-18808-Ljbffr
