

## Experienced Electrical Auditor

[Apply Now](#)

Company: Techserve

Location: Beaconsfield

Category: other-general

**Job Description**  
**Role Summary:** Techserve is seeking an Experienced Electrical Auditor based in Mackay and providing onsite work at our client's sites as required.  
**About You** Successful applicants will have a passion for detailed engineering design, auditing and project management in the mining and heavy industrial sectors. Applicants must possess a Bachelor of Engineering (Electrical) that is recognised and accepted by Engineers Australia. The successful applicant's role will include:

Providing engineering, technical and project support to client operations.

Undertake the execution of design, specification, costing, scoping, and evaluation report works that are required for client projects.

Performance of engineering audits, reviews and technical report writing.

Undertaking hazardous area, high voltage and dangerous goods related consultancy services (design, classification, inspections, audits, etc.).

Promoting safety and fostering a safe culture on all facets of work.

Act as a liaison between various stakeholders, including clients, contractors, suppliers and internal teams, to facilitate effective communication and resolve any project-related issues.

Project management of various site projects. The successful applicant will have:

Technically competent and proven electrical engineering qualifications.

Strong communication and interpersonal skills.

Willingness to travel and perform site-based projects.

Previous experience in hazardous area, high voltage or dangerous goods engineering services (highly desirable). #J-18808-Ljbffr
