The Job: Due to strong and consistent client growth and continuous word of mouth referrals, a position has now become available to join the team as Auditor. With 6 in the audit division, and 2 Directors, you'll be working across a broad range of clients and industries and will oversee the audit process from start to finish. You'll be supported to complete a wide range of professional and personal training and development throughout your career to ensure that you have the skills and knowledge you need to further your future, with achievable promotion opportunities. You'll also enjoy parking onsite, a central location, team lunches, and an active social club. Culture Snapshot: This working environment is one of the best out there. Collaborative, supportive, friendly, trusting and engaging. On one hand the environment is relaxed, casual, down to earth and fun, but on the other, business activity is fast paced and agile with an accompanying growth mindset. Here you'll find loads of well humoured office banter and celebrating success. Everyone is respectful and well intentioned, and there is a genuine focus on internal promotion and continuous learning where self improvement and development is both encouraged and celebrated. Skills Required: Ideally with at least 1 year external audit experience, you'll be undertaking or working towards CA or CPA, hold relevant tertiary qualifications and would like to continue to learn and grow your career with a firm long term. With excellent communication and interpersonal skills, you'll be a team player, self motivated and highly organised with strong attention to detail. Committed, result driven and with a proven ability to build and maintain client relationships, you'll be able to work to deadlines, and with an analytical and enquiring mind, you'll appreciate continuous learning and development.
