

Field Service Technician - QLD (Townsville region)

[Apply Now](#)

Company: Kion Group AG

Location: Australia

Category: other-general

Linde Material Handling is a major participant in the Material Handling industry in Australia since 1971 and now a part of the global KION Group. We're built on a strong foundation by delivering expert service and product solutions to our customers. We believe that our success is the result of the skills and commitment from our team members. We are currently seeking a driven and reliable Field Service Technician to join the team at Linde Material Handling in servicing the Townsville region. As a Field Service Technician, you will be responsible for attending various customer sites to provide service, repair and maintenance on Linde equipment. You will enjoy working as part of a supportive team and look forward to building a career with a well-respected company and gaining experience working on some of the world's premier forklift trucks.

What we offer:

Fully maintained company vehicle which is available for private use (field role)

Mobile phone and laptop with diagnostic software (field role)

Full uniform, overalls and PPE provided

A well-structured induction training program to get you up to speed on our organisation

Continual on the job support

Career development opportunities

Tasks and Qualifications:

To be successful, you will have a mechanical background ideally having worked on forklifts,

heavy equipment or automotive. Hydraulics and/or pneumatics experience is desirable.

If this role sounds like your next big opportunity, then apply below! Please note, a pre-employment medical and reference checks are a part of our recruitment process. We do not accept unsolicited resumes from agencies. LMHAU is proud to be an equal opportunity employer.

KION Industrial Trucks & Services Asia Pacific (KION ITS APAC) is an operating unit of the KION Group and includes the countries and regions China, South Asia, India and Australia. Their products are industry leading industrial trucks, intralogistics systems and solutions of the well-known brands Linde, OM and Baoli and serve the premium, value and economy segments in the Asia Pacific region. The KION Group is among the world's leading suppliers of industrial trucks and supply chain solutions and has a global network of 41,000 employees. Its portfolio encompasses forklift trucks and warehouse trucks, as well as integrated automation technology and software solutions for the optimization of supply chains. Across more than 100 countries worldwide, the KION Group's solutions improve the flow of material and information within factories, warehouses, and distribution centers. Our Linde and STILL forklift brands serve the premium industrial truck segment. Dematic is a global leader in automated material handling. Together, we are shaping the future and are among the best in our industry. Our culture is driven by our shared KION Group values – integrity, collaboration, courage and excellence.
