[Apply Now](#)

Company: Air Liquide

Location: Fairfield

Category: other-general

Air Liquide Australia is a market leader Gases, Technologies and Services for Industry in Australia. Air Liquide Australia provides innovative, responsive and customer focused services to our product range, which improves the performance of our customers while helping protect the environment.

Air Liquide has an exciting opportunity for a Field Service Technician - Electrical to join our team in Fairfield, NSW. Reporting to the Regional Manager you will be working in the field and onsite to provide complete preventative maintenance services, provide customer breakdown support, diagnose faults, and carry-out repairs of Air Liquide Australia (ALA) owned or ALA serviced equipment.

### **How will you CONTRIBUTE and GROW?**

Ensuring the equipment or process being attended to is safe and fit for purpose

Carrying out works on equipment or processes as required by management in a timely and efficient manner

Fault finding, diagnoses, formulation and delivery of corrective actions whilst minimizing need for rework

Maintaining company assets to help preserve service life

Escalating problems to engineers

Attending service calls and be available for "on-call" work as required

Executing work orders efficiently following Maintenance scheduler plan

## **Are you a MATCH?**

Trade qualification as an Electrician

Dual trade qualification for an Electrician (A Grade) or D Grade electrical license for Mechanical trades will be highly regarded

Forklift, Elevated Platform and Confined Spaces Licenses (advantageous)

Current and valid State Driver's License (MR class Drivers License advantageous)

Current Rigging License (advantageous)

Strong safety mindset

Customer site service experience

Telemetry experience (advantageous)

On call on Rotating roster

NSW White card

Willing to do mechanical work

## **Previous experience in the following will be highly regarded:**

Servicing rotating equipment or air compressors

Serving instrumentation or automated systems

Working with gas reticulation systems and pressure vessels

## **We offer:**

Overtime pay

Fully-maintained trade vehicle

Salary Continuance Insurance

Local and global opportunities

Health and wellbeing initiatives

Retail discount programs with over 350 retailers

Long-term career development opportunities nationally and/or internationally across the Air Liquide Group

### **About Air Liquide**

A world leader in gases, technologies and services for Industry and Health, Air Liquide is present in 78 countries with approximately 64,500 employees and serves more than 3.8 million customers and patients. Oxygen, nitrogen and hydrogen are essential small molecules for life, matter and energy. They embody Air Liquide's scientific territory and have been at the core of the company's activities since its creation in 1902.

### **Our Differences make our Performance**

At Air Liquide, we are committed to build a diverse and inclusive workplace that embraces the diversity of our employees, our customers, patients, community stakeholders and cultures across the world.

We welcome and consider applications from all qualified applicants, regardless of their background. We strongly believe a diverse organization opens up opportunities for people to express their talent, both individually and collectively and it helps foster our ability to innovate by living our fundamentals, acting for our success and creating an engaging environment in a changing world.
