

Field Supervisor - NSW, QLD & VIC

[Apply Now](#)

Company: Rubix Solutions

Location: Brisbane

Category: other-general

Our client has an opening for Wireless Field Supervisor in Sydney, Brisbane and Melbourne on a permanent basis. The successful would ideally have previous Wireless / Mobile site experience in 4G or 5G builds as a Tech or Rigger.

Duties:

Oversee the delivery 5G sites from build start to completion and integration.

Manage teams of Tech's and Riggers

Understanding of BTS installation

Directly reported to the Construction manager, efficiently overseeing site management, contractor liaison, material ordering & delivery, scheduling of works in hand and completed, site integration management, safety & OHS procedure compliance

Review design and completion documentation and implemented final design plans and specifications

Develop and implement standards and procedures resulting in an overall improvement of services provided.

Experience:

Demonstrated major project experience, in a similar role, leading a team, managing budgets, costs, consultants and clients

Sound knowledge of Microsoft Outlook, Project, Word and PowerPoint

Planning and Field management skills and a demonstrated ability to communicate across a broad spectrum

High level numerical analysis skills and the ability to provide clear conclusions and recommendations on complex deployment, management or contractual issues

Demonstrated working knowledge of legislative requirements

Demonstrated working knowledge of industry and competition

Ideally worked in a similar role for a large delivery partner

A background as a Telecommunications Rigger or Tech highly regarded
