They have a focus on full circle general practice health and their dedicated team treat all members of a family from birth to older age.

As a dedicated skin cancer clinic they undertake skin checks, develop treatment plans as well as providing education on how and why to be sun smart.

Their team consists of general practitioners, nurses and reception staff who provide a range of services. They have a large network of medical specialists for referrals.

The surgery is a 40 min drive from Newcastle Airport/ 1 hr 50 min drive from Sydney CBD.

LOCATION

Newcastle in New South Wales is a major Australian city under 2 hours north of Sydney. It sits on the coast and has amazing beaches close to the CBD as well as to the North and South of the city.

It has a rich industrial tradition. It hosts the world's largest coal export terminal and as such attracts world leading financial and engineering service companies that contribute to its local economy. Schools – both government and private – are excellent with many options. It is also a busy port exporting produce from the nearby famous Hunter Valley vineyards and north west NSW.

There are lots of shopping complexes, several museums as well as an art gallery, which are worth visiting and many other things to do. Nearby there are also a number of nature reserves which are very beautiful offering bushwalking and the chance to see a variety of wildlife. Stockton Beach runs along the coast to Port Stephens and is backed by the wonderful and beautiful sand dunes.

Newcastle offers exactly what Sydney does but on a less expensive scale and without the grind of traffic. The beaches are first class and it has a lively entertainment scene and plenty of great restaurants. Good transport links to Sydney, an airport and good educational facilities make Newcastle a very good option to live, work and play in.

What Head Medical can do for you

Arranging a position overseas is very exciting, but we understand that it can also be daunting and time consuming. We're the UK's specialist in international medical recruitment and we've helped many Doctors relocate since we first started out in 2008 (you can read what people have said about working with us on our testimonials page). We know it's important to balance career opportunities with lifestyle and we'll talk through your plans and will get to know you to make sure we find the right role in the right location.

Once we have secured a job for you, we'll manage the Medical Registration and Visa application process, and support you (and your family) with the relocation itself.
