Heavy Diesel

Mechanic

Industry

Infrastructure & Mining

Salary/Rate

Up to AU\$70 per hour

Location

NSW

Type

Full Time

Continue your career in UG mining with a respected mining principle in central NSW. 7:7 roster. DIDO and FIFO paid from NSW, Syd and Bris.

Long term work with a mine life until 2048

FIFO or DIDO paid from central NSW, Sydney, and Brisbane

Join a highly regarded mining principal at the forefront of the industry

The company

With an impressive portfolio of mine sites this mining principal has a reputation built on safety, people and career development. With a lengthy mine life at site, this operation in central NSW offers:

The chance to work on modern UG mining machinery

Opportunity to upskill and start (or continue) a career in UG hard rock mining

The mine site

Located in central NSW, this large UG hard rock mine supports the careers of up to 700 people in the local vicinity. The mobile plant mechanical division at site offers; -

7:7 roster - days/ nights (12-hour shifts)

The chance to upskill on modern UG mining machinery

Work on a wide range of equipment

A well-connected team culture, that believes in support and training

A wide range of training and development options

FIFO from Sydney and Brisbane.

DIDO from anywhere in NSW, with travel paid per K travelled.

Flights, meals and accommodation paid

Hotel / motel style accommodation provided with buffet meals.

The role

Reporting directly to the maintenance supervisor on your crew you will enjoy working in a varied role where you'll develop a broad range of skill in both the workshop and in the field.

Working in a close-knit team you will be involved with;-

Workshop - servicing, preventative and scheduled maintenance, fault finding and diagnostics and major component change outs

Field - breakdowns, fault finding, diagnostics and servicing of drills

Development Machinery - cablebolt and long hole drills, trucks, bidders, charge up equipment, IT's and LV's

Production machinery - Loaders, surface drills, and LV fleet

Your skills and experience

Ideally, you will come from a background working as an UG heavy diesel mechanic working on the duties listed above. However, applications are also open for diesel and LV mechanics with experience on heavy vehicles, civil earthmoving or light trucks. You will also have;

Trade qualification (mechanical)

2+ years mining experience

An excellent attitude towards work and desire to work in an UG hard rock mine

Ability to work on machinery in the field and workshop

Ability to work unsupervised and in a team environment

Drivers license

Contract and salary

Marble is partnered with this UG mining principal to supply long term permanent employees to the site. The opportunity exists to join the company on an initial contract through Marble and transition over to the clients' books after a short probation period (depending on performance and availability).

\$65.00ph - \$70.00ph + super (depending on skills and experience)

Weekly pay cycles whilst working through Marble

The opportunity and why apply

This is a great opportunity to forward your career with a sort after mining principal and an employer of choice for many in the industry.

Long term role on offer with the mining principal

Modern, clean accommodation provided (with sheets and towels) - for those DIDO/FIFO

Opportunity to secure a role with full job security (along with holidays and sick leave)

Wide range of training and development opportunities available (from day 1)

Join a site with a rich history of success and a future of expansions ahead

Attractive earning potential working a 7:7 roster, where you'll work half the year

Don't miss out on this recruitment drive to secure a long-term opportunity on site. These roles won't be available for long, so apply now for an opportunity to move your career forward in UG mining.

Call Matt Grainger on 0448 551 252 for more information and to view a site pack on the project.
