

HSBCAD / AutoCAD Draftsperson for D & C Company in North West

[Apply Now](#)

Company: Bespoke Careers

Location: Melbourne

Category: other-general

About this role

Leading the field of modular architecture, a pioneering architectural company committed to innovation and sustainability is now seeking an HSBCAD / AutoCAD Draftsperson to join their team. This opportunity plays a vital role in utilising robotics and advanced technology to revolutionise modular architecture.

Key responsibilities

Prepare detailed HSBCAD / AutoCAD drawings that provide precise instructions to their cutting-edge robotic production line, ensuring accuracy and efficiency in manufacturing building components off-site

Work closely with their production, design, and engineering teams to translate architectural designs into manufacturable components, optimising the fabrication process

Maintain rigorous quality control standards, ensuring that all components meet our high-quality benchmarks

Contribute to the continuous improvement of their robotic production line by identifying opportunities for streamlining processes and enhancing efficiency

Skills and experience

Strong expertise in using AutoCAD or HSBCAD software to create precise fabrication drawings

A solid understanding of architectural and engineering principles, as well as familiarity with robotic production systems

Exceptional attention to detail to ensure that components meet exact specifications

Effective communication skills and the ability to collaborate seamlessly within a dynamic team

A proactive problem-solving attitude, always seeking opportunities to improve processes and optimise production

Culture and benefits

North-west office location

Opportunities for growth and advancement

Supportive and collaborative environment

Sustainably conscious company
