

## Install Technician Full Time

[Apply Now](#)

Company: Chubb Electronic Security

Location: Australia

Category: other-general

Are you looking for the next step with the Tier 1 market leader in Electronic Security, with real career potential?

We are looking for a qualified Install Technician to join our Melbourne Installation team. This is a rare opportunity to join a specialized and dedicated team, delivering a range of High-Tech solutions to large government and private sector customers.

### **About us**

Chubb Fire and Security is a global leader in Electronic Security and a leading provider of solutions to Australia's Defence, Critical Infrastructure and commercial sectors. This is a rare and exciting opportunity to join an established & highly specialised electronic security team. If you enjoy a challenge, with no two days the same, then this an opportunity you should not miss.

### **About the Role**

As an Installation Technician your main responsibilities will be :

High-Level Networks, Hardware Servers & Software, Commercial and Cloud based solutions

High End Security and Commercial Alarm systems, Access Control, Biometric, Duress, CCTV, Intercom, and associated systems.

Working on a wide variety of projects in government, defence, commercial and multi-National clients across a large range of different products

Ensuring customers receive the best of quality and service – exceeding expectations wherever possible

Working in a Team Environment with installation technicians and project managers to deliver high quality projects.

### **About You**

- Experience working as an Install Technician, ideally in the Electronic Security industry
- Proven technical skills in installation, ideally working with alarm systems, access control, CCTV
- Certification with Lenel, Gallagher, Tecom, Integrity, Milestone, Geutebruck systems (highly desirable)
- Experience with Commercial, Government and Defence sites (desirable)
- Understand Cloud Technology (desirable)
- High level of competence in IT based applications and hardware (desirable)
- Australian Citizenship
- Already acquired VIC Security license
- Ability to obtain NV1 Government Security Clearance
- Cable registration
- EWP licence
- Well organized
- Able to work autonomously
- Enjoy providing a high level of customer service

### **What we will offer you:**

- Excellent remuneration package – rates of pay, company vehicle, mobile
- Planning and support for progression towards any role within Chubb
- Opportunity
- Ongoing training and development from Product Manufacturers and leading education facilitators
- Opportunity to work on a range of complex security panels and a variety of customer sites
- Working for a global organisation which brings job stability and where you are treated like family
- Great team and branch culture
- Access to Chubb Hub – an employee discount platform with access to hundreds of

discounts from health, groceries, electronics and more

Apply now to see where Chubb can take your career. All applications and enquiries are treated in the strictest confidence.

Are you being referred to one of our roles? If so, ask your connection at Chubb about our Employee Referral Program process!

**We believe in diversity and inclusion and welcome applicants from different backgrounds. This includes First Nations people, people with disability, LGBTIQA+ and all cultural and language background**
