## Java Developer - SA/NSW/VIC/QLD

[Apply Now](#)

Company: Arq Group

Location: Adelaide

Category: computer-and-mathematical

ARQ, Dialog, CatapultBI, ICEMEDIA, Eighty20, Riley and AccessHQ are now all part of NCS Australia.

### **About us:**

We are NCS Australia! We have brought together Australia's best tech talent, working as one to harness technology and advance our communities, to make the extraordinary happen.

We're proud of our rich history of partnering with our clients to develop end to end digital technology solutions to accelerate their transformation and innovation journey. For over 40+ years our diverse global teams have delivered large-scale, mission-critical, multi-platform projects to governments and enterprises.

### **About The Role:**

As a Java Developer you will be responsible for several Java-related duties throughout the software development lifecycle, from concept and design to testing. You will design, implement and maintain Java-based applications that can be high-volume and low-latency.

You will analyse and develop user requirements to define business objectives requirements, envision system features and functionality to ensure application designs conform with business goals. Moreover, you will be involved in supporting continuous improvement, investigating alternatives and technologies, and presenting for architectural review.

On offer is an exciting career where you'll make an impact and work with innovative technology solutions. You'll perfect your skills alongside a talented and collaborative team while enjoying the recognition, progression and extensive benefits of a global organisation.

**About You:**

3-5 years of commercial Java experience (Java 8 or later)

JAVA Enterprise Edition experience i.e EJB, Spring Boot, etc.

JAVA Standard Edition experience 1.7 till the newest versions of java

Experience with containerisation on the cloud

Experience with React, Hibernate, Postgres, MUI/Figma

AWS and Azure cloud setup experience

Exceptional Consulting and Communication Skills

Ability to interpreting and present results to stakeholders at all levels

Excellent problem solving and analytical skills

Ability to prioritise and control workload

Demonstrated collaboration skills and a successful track record in building strong relationships with business and technology stakeholder

**Why join us:**

At NCS Australia, you'll be part of a team that values your growth and development. Our comprehensive global learning and development program will equip you with the skills and knowledge needed to succeed. Plus, you'll be mentored by some of the industry's best, and have access to a worldwide network of career opportunities. Join us now and discover just how far your career can go!

We are in the process of refreshing our employee benefits, so don't forget to ask our Talent Acquisition Team about what's on offer.

We take pride in our commitment to valuing and supporting our people and the communities we serve. Diversity, inclusivity, and being different are not just buzzwords for us - they are integral to our culture. We are dedicated to upholding Equal Employment Opportunity Principles and providing reasonable accommodations to all our applicants. If you require any assistance or modifications to navigate our careers site or complete your application, please don't hesitate to reach out to us at [recruitment@au.ncs-i.com](mailto:recruitment@au.ncs-i.com).

**Other important stuff:**

To be eligible for a position with us, applicants will need to have valid work rights for Australia and be willing to undergo a comprehensive background checking process, including probity and police checks.

As we navigate through our business integration process, we will continue to issue contracts under our existing entities of ARQ, Dialog, CatapultBI, ICEMEDIA, Eighty20, Riley or AccessHQ.

Visit our website <https://www.ncs.co/en-au/> for more information.

**Agencies:** We've got this. We request that you do not contact NCS employees outside of the Talent Acquisition team. NCS exclusively accepts resumes from agencies on our preferred supplier panel through the NCS Agency Portal. Agencies that submit resumes must have a valid fee agreement and be assigned to the particular requisition by the Talent Acquisition team. Any resumes that are submitted outside of this process will become the sole property of NCS. If a candidate is hired outside of this process, no fee or payment will be given.
