

Licenced Aircraft Maintenance Engineer

[Apply Now](#)

Company: Asia Pacific Aircraft Storage

Location: Australia

Category: other-general

Alice Springs, Australia | Posted on 06/11/2023 Asia Pacific Aircraft Storage (APAS) is a leading company specializing in aircraft preservation and storage maintenance services. We offer secure and cost-effective solutions for short or long-term storage of aircraft, ensuring proper maintenance and protection. Job Description Join Asia Pacific Aircraft Storage's (APAS) dynamic team in a key role that places you at the forefront of aircraft maintenance. As a Licenced Aircraft Engineer, you will play a vital role in maintenance activities that take place at APAS's aircraft storage facility in Alice Springs. Key Responsibilities:- Aircraft Maintenance & Induction:- Conduct in-depth narrow and wide-body aircraft induction, including engine/APU preservation. - Manage periodic maintenance checks, ensuring all aircraft meet stringent quality standards. - Oversee customer work requests, aircraft inspections, AD's, and ensure prompt responses.- Aircraft Reactivation & Troubleshooting:- Involve in complex component changes, engine runs, and troubleshooting. - Utilize your technical expertise to identify and rectify defects promptly. - Work closely with a tight-knit team of professionals focused on delivering maintenance excellence. - Engage directly with major airlines and leasing entities to provide exceptional customer support.- Act as a liaison between APAS and our international partners, representing our commitment to quality and service. - Compliance & Innovation:- Ensure full compliance with all relevant CASA, EASA, FAA, 2-REG, BCAA, and other NAA Part 145 maintenance approvals. - Stay abreast of the latest industry innovations, incorporating them into APAS' maintenance practices. - Contribute to APAS' ongoing growth and success in the Asia-Pacific region through continuous improvement and embracing new technologies.

Requirements This position is ONLY open to Part 66 Licenced Engineers

(CASA/EASA/UKCAA) with A320 Type Ratings. Qualifications & Skills: - Strong technical knowledge of major aircraft types. - Ability to demonstrate competence through a comprehensive work logbook. - Strong IT capabilities to utilize APAS' cutting-edge maintenance platform. - Excellent team collaboration skills. - Creative problem-solving and ability to handle pressure in a dynamic environment. Desirable Criteria: - Experience on specified aircraft engines. - Elevated work platform license.- Aeronautical Radio Operator Certificate (AROC) Compensation: - Salary Range: \$120,000 - \$150,000 + Superannuation (11%) + Overtime. Location:- APAS Facility, Alice Springs Airport, Alice Springs, Northern Territory. APAS is committed to supporting candidates through a visa solution with a clearly defined pathway to permanent residency. By accepting the Licenced Aircraft Engineer role at Asia Pacific Aircraft Storage, you'll be stepping into a world of opportunities, embracing cutting-edge technologies, and contributing to an industry leader's vision for the future. We look forward to you being a part of our successful journey.
