The location

This unique and quirky town is based underground, much like the Opals, it is famous for. Many of the homes, hotels, churches, and restaurants are tunneled into hillsides and are almost invisible on first inspection. Whether it is this, the opals or the surrounding landscapes of the majestic Kanku-Breakaways Conservation Park, the spectacle of the Painted Desert, or the bizarre moon-like surface of the mining fields, that attract you to the area, it is something not to be missed.

Essential criteria

FRACGP, VR, or equivalent qualifications; and General or Specialist registration with AHPRA
