

MECHANICAL PROJECT ENGINEER – HYDRAULICS

[Apply Now](#)

Company: Allstar Recruitment Group

Location: Fremantle

Category: architecture-and-engineering

Mechanical Project Engineer - Hydraulics

\$90,000 - \$110,000 + Super (Negotiable)

Perth WA - South Perth

Immediate Start Available

Client :

Our client is a major specialist in delivering packaged based equipment to the Oil & Gas, Mining and resources sector specialising in skid mounted systems focused on Hydraulic & Fluid Power based engineering solutions.

Role:

This role is for a Project Engineer who has a good background in Mechanical systems, Skid Mounted Engineering solutions and Hydraulic based power packs and hydraulic engineered solutions.

Working along side current engineers and management in the business you will assist in the project specification and design of hydraulic based design of skid mounted systems which will include rotating machinery and fluid based engineering solutions used for a variety of industry sectors..

Key Skills:

Mechanical Engineering

Mechanical Design

Project Engineering / Project Coordination

Specification of Equipment

Communication Skills

3D Solid Works / Inventor

Hydraulics Schematics / Engineering

Remuneration :

The successful candidate can expect to receive a highly competitive salary based on skills and experience. All salaries are negotiable and will be discussed at interview stage.

Application

To apply for this role, please click apply to this add. Only shortlisted candidates will be contacted to discuss progressing their application to the next stage.
