Principal Consultant – Azure Data, AI, and Applications

About the Job

Location: Sydney

Employment Type: Permanent (Full-Time)

XAM Consulting is on an ambitious journey to leverage AI to revolutionise technology solutions across industries, driven by our mission to empower every organisation to realise their digital possibilities. We are seeking a Principal Consultant who is not just looking for a job, but a career adventure. A place where you can make a real impact and contribute to our foundational philosophy of 'Made Right.'

About Us

At XAM, we're more than just a tech company. We're a dynamic team of innovators and thinkers committed to solving complex challenges and driving digital transformation.

Our approach is encapsulated in the principle of 'Made Right,' highlighting our steadfast belief in executing each project with precision and excellence.

By joining us, you will be part of an organisation that values making a significant impact through our services, ensuring that every project we undertake is not only successful but sustainable and adaptable for the future.

About the Role

As a Principal Consultant, you'll play a pivotal role in crafting state-of-the-art solutions that meet the unique needs of our clients. This role demands a blend of technical prowess, client-facing

skills, and a visionary outlook.

Key Responsibilities:

Collaborate with stakeholders to understand business challenges and objectives.

Design holistic and scalable solutions that integrate seamlessly into client environments.

Lead the technical direction for projects, ensuring a balance between innovation, quality, and practicality.

Advocate for best practices and modern architecture principles in solution design.

Mentor and guide technical teams, fostering a culture of excellence and continuous learning.

Stay ahead of the curve on emerging technologies and trends, applying them to solve real-world problems.

About You

A bachelor's or master's degree in Computer Science, Engineering, or related fields.

Demonstrated experience in a Solution Architect or Principal Consultant role, with a strong portfolio in AI and Data projects.

Deep understanding of cloud platforms (AWS, Azure), AI, and machine learning technologies.

Certified in Microsoft Data & AI (ie, AI-102)

Exceptional problem-solving skills and the ability to think strategically.

Excellent communication and leadership skills, with a knack for inspiring teams.

A lifelong learner, always eager to expand your skills and knowledge.

Why Join Us?

Joining XAM Consulting means being part of a community where your work matters. You'll be:

Working on cutting-edge projects that push technological boundaries.

Supported in your career growth with ongoing learning and development opportunities.

Part of a vibrant culture that values diversity, inclusivity, and innovation.

Enjoying a competitive package and a suite of benefits designed around your well-being.

Ready to Make a Difference?

If you're a visionary Principal Consultant ready for your next adventure, we want to hear from you! Apply now to start your journey with XAM Consulting. Let's innovate together.

Visit our website at XAM Consulting for more information.

Note: Applicants must have valid work rights for Australia. A comprehensive background checking process, including probity and police checks, is part of our recruitment process.
