

Principal Structural Engineer

[Apply Now](#)

Company: Wood Plc

Location: Perth

Category: architecture-and-engineering

Wood is recruiting for a **Principal Structural Engineer** to join our Operations business in Perth, Western Australia. This role is a permanent requirement to support deliverables for a key energy client.

Wood's Operations APAC (West) business delivers brownfields engineering, procurement, construction, optimisation and technical services to the Oil & Gas sector and enjoys long-term partnerships with the region's most prominent producers located in Western Australia, Northern Territory, Southeast Asia and Kazakhstan.

Reporting to the Structural Engineering Manager, you will be working across FEED / Execution to EPCM delivery, with a focus on design. To be successful in your Principal Structural Engineer role, you will have prior Principal/Lead engineer level working experience in the Offshore LNG, Oil & Gas sectors within an EPCM engineering and maintenance project environment with both onshore and offshore scope of work engagements. eate new possibilities.

Wood is recruiting for a Principal Structural Engineer to join our Operations business in Perth, Western Australia. This role is a permanent requirement to support deliverables for a key energy client.

Please note you must have full working rights to be able to work lawfully in Australia.

Ideally, you will be a suitably qualified engineer with a civil / structural degree and/or post-graduate degree from a recognised institution and have:

12+ years relevant experience as a Structural Engineer in the Oil & Gas industry

Experience in Offshore site environment and site surveying/scoping

Strong written and verbal communication skills with the ability to effectively communicate with the client

Effective time management skills and ability to prioritise

Experience in the use of relevant software packages (e.g. SACS, StaadPro)

Experience in the use of API, AISC and ISO design codes.

What may set you apart will be your prior experience within Brownfield EPCM projects.

It takes a diverse and inclusive community of inquisitive minds to unlock tomorrow's solutions to the world's most critical challenges. Wood encourages Women and Aboriginal and Torres Strait Islander peoples to apply.

If you are a driven Principal or Lead Structural Engineer, apply now and take the next step in your career with this exciting opportunity!

Shortlisting will commence immediately after.
