Company: Breville Usa, Inc.

Location: Western Australia

Category: other-general

About Breville Over the past 90+ years Breville has grown to become an iconic global brand, delivering kitchen products to over 70 countries around the globe. Breville enhances people's lives through the delivery of brilliant innovation and thoughtful design based on deep consumer insights, empowering people to do things more impressively or easily than they'd thought possible in their own home and ultimately allowing them to Master Every Moment. A career at Breville is truly a one-of-a-kind experience. It's more than working for a global leader; it's an opportunity to be a part of something that impacts people all over the world.

About the role We are looking for a data privacy enthusiast who wants to join this growing field. While you do not need to have direct experience in privacy, you should have 2-4 years of experience in a large organisation setting up and running new processes and systems. Most importantly, we are looking for someone who is excited and passionate about data privacy and making a difference to our organisation and our customers.

Key responsibilities include:

- Manage and respond to data subject requests process and privacy enquiries
- Work with stakeholders to identify and advise on privacy risks, issues and incidents and recommend actions or approaches to reduce or control these risks
- Support the ongoing development of the Privacy Platform and associated supporting systems and processes
- Work closely with cross-functional teams within Breville to embed Privacy by Design and Responsible Use of Data
- Collaborate with business and technical users at all stages of a use case to create and implement privacy enhancing and data related features
- Adopt and implement privacy and security best practices
- Contribute to the uplift and maturation of Breville's privacy framework and privacy culture
- Contribute to process improvements and best

practices in privacy and dataprotectionWork closely with the in-house legal team to support privacy complianceactivitiesSupport vendor on-boarding activities by conducting third-party riskassessmentsWe're Interested in Hearing from People Who Have:QualificationsEssential:Relevant tertiary qualifications in Information Technology, Business , Compliance, Risk Management or related disciplines or equivalent relevant experienceDesirable:Certified Information Privacy Manager (CIPM); Certified Information Privacy Technologist (CIPT); Certified Data Privacy Solutions Engineering (CDPSE)What we offer you:Competitive compensation packageA fun and rewarding team environmentOpportunity to work for an Australian Stock Exchange listed companyEmployee assistance programPaid parental leave policyEmployee discounts of up to 50% on all our electrical productsCorporate health andwellness benefitsTo ApplyCome and make your mark with this global leader by applying today via the Apply Now button.Breville Group is proud to be an Equal Opportunity Employer.#J-18808-Ljbfrr
