

Professional Engineer (Avionic and Mechanical)

[Apply Now](#)

Company: ALG

Location: Australia

Category: architecture-and-engineering

Ongoing Role

Attractive Salary Package

Full working rights in Australia

Are you a Professional Engineer with expertise in Avionics or Mechanical fields? If so, we have an incredible opportunity for you to join a prestigious airline situated at Mascot Airport. At ALG Talent, we believe in nurturing talent and providing a platform for professionals to excel in their careers.

We are offering casual contracts with the expectation of full-time hours. As a member of our client's team, you will be the go-to expert in your specialised engineering area, offering valuable insights and demonstrating exceptional judgment across various engineering disciplines. You'll take the lead on exciting and impactful projects and programs that will challenge and elevate your skills.

Qualifications We're Looking For:

A degree in Aerospace Engineering, Avionics, Electrical, Electronics, or an equivalent field.

8+ years of proven experience in developing and approving engineering instructions for avionics repairs and modifications on Boeing or Airbus aircraft.

Outstanding prioritisation abilities, enabling you to handle multiple deadlines with

precision.

Excellent organizational and communication skills, with the ability to simplify complex technical information for all stakeholders.

A commitment to delivering top-notch, customer-focused specialist engineering advice and support.

In-depth knowledge of CASR Part 21 regulations, with a bonus if you're familiar with CASA/EASA and FAA regulations.

A track record of managing small to medium design projects or tasks to meet stakeholder requirements.

Sharp problem-solving and analytical thinking skills.

Eligible candidates with the above qualifications are strongly encouraged to apply now! For further information, please contact **Bronte Wright** at (07) 3860 4747 (Mon-Fri 08:30-17:00 AEST).
