Company: Green Light

Location: Australia

Category: business-and-financial-operations

### Project Manager – Federal Government Project

Green Light are responsible for delivering a Data and Analytics program of work to a large federal government client and require several Project Managers with **minimum level Baseline Security Clearance** .

This role is able to be remote or work from a client base location including Sydney, Brisbane, Melbourne. So you can work from home with travel 2 days per week in the office.

This is a long-term contract, 2 years initial term with 2 x 12 month extensions possible.

The project includes the implementation of a new cloud data pattern that is scalable and extensible. Our client has ever increasing data volumes and data types in conjunction with rapidly evolving business needs which require an extremely sophisticated data solution.

The projects also include introduction of new and improved data and analytics products and services.

#### Responsibilities:

Contribute with the development, execution, and management of projects across Data and Analytics platform.

5-10 years of experience in Project Delivery.

Professional certifications such as PMP/Agile etc preferred.

Lead cross-functional teams to complete projects and major initiatives using judgment, experience, and leadership skills.

**Must have Baseline Federal Government Security Clearance.**

24 month contract initially.

Project Starts October 2024.

Nationwide Locations (Sydney, Melbourne, Adelaide, Tasmania, Perth, Brisbane and Canberra).

Hybrid working environment. Remote work considered.

Green Light is one of the most successful and fastest growing IT services businesses. We offer a wide range of IT services in Security, infrastructure and Systems Integration to a diverse customer base throughout Australia, New Zealand, SE Asia, North America and Europe.
