

Project Manager

[Apply Now](#)

Company: West Recruitment

Location: Australia

Category: business-and-financial-operations

- Based in either Sydney or Brisbane, with ability to work from home
- 6-month maximum term contract with potential to go permanent
- Oversee multi-site construction phase

About Your New Company

Join an organisation that is playing a major role in the transition to green energy. They are not only building infrastructure that improves the lives of Australians, but also shaping a sustainable future. Join a workplace that celebrates diversity and individual differences, innovation and collaboration.

About Your New Role

Reporting into the Head of Delivery, you will spearhead the successful delivery of a critical national green energy infrastructure project. Working closely with other Project Managers and Project Engineers, you will oversee the multi-site construction phase of this exciting project, with key responsibilities including:

- Developing detailed project management budgets and plans for construction works
- Creating compelling project proposals and managing overall project financials
- Managing internal and external stakeholders, including build contractors, ensuring quality, timeliness and coordination of project deliverables
- Monthly progress and budget reporting
- Pre-empting and resolving project construction issues.

You can be based in either Sydney or Brisbane, with the ability to work part of your week from home. The role is being offered on an initial 6-month maximum term contract, with

potential to go permanent.

About You

To hit the ground running, you'll ideally have:

- Project management experience within the construction or energy sectors, ideally in the delivery of multi-site projects
- Relevant qualifications in project management, engineering or a related field
- Excellent communication and stakeholder engagement skills
- The ability to work independently with strong attention to detail
- A solutions-focused mindset.
