[Apply Now](#)

Company: Randstad

Location: Australia

Category: other-general

Randstad Defence is proud to provide support to our client who works alongside the Commonwealth in the Defence Industry. Our client has a long tradition of professionalism and integrity, combined with a dynamic approach to advising clients in a digital-driven world.

They have an opportunity for a dedicated Project Scheduler to work with a small team to support the company's program of work.

This is a Full Time Permanent Position based in Canberra, ACT.

As the Project Scheduler you will:

- Develop and maintain reports on project schedules in OPP

- Provide input into monthly reports for for scheduling related correspondence

- Conduct planning exercises with Project Managers for analysis support to project planning.

- Assess and evaluate information and processes for compliance with extant legislation, policy, contracts and agreements as applicable and recommend action if required.

- Support the project controls lead in delivering projects outcomes.

- Attend project workshops and provide scheduling expertise for risk analysis and risk treatments.

About you:

Tertiary qualifications in Project Management and experience in aerospace is advantageous

Strong ability to navigate organisation and stakeholders in identifying solutions for a face pace project

Proven scheduling experience utilising MsProject and Open Plan Professional (OPP)

Must be able to work with ITAR Controlled data and information.

Excellent written and oral communication skills

The candidate must be an Australian citizen and have a NV1 clearance or Higher

If you're as passionate about this position as we are, please do not hesitate to apply now or send Lucas an email at lucas.fuhrmann@randstad.com.au. We would love to hear from you and discuss these roles further in detail and in confidence.

Ref/ RANDEF

At Randstad, we are passionate about providing equal employment opportunities and embracing diversity to the benefit of all. We actively encourage applications from any background.
