Company: Bmd Group

Location: Sydney

Category: other-general

At BMD, our business is our people and our unique history spans over 44 years of safely delivering infrastructure which connects people. As one of Australia's largest privately-owned civil engineering, construction and land development companies, we offer career opportunities across diverse sectors in both metropolitan and regional locations.

About the role BMD are looking for a Quality Manager with experience on multi-million-dollar civil infrastructure works. You will liaise with the engineering and supervision teams on site, to ensuring that best practice quality systems are put in place.

The project is based in Nowra and welcomes a site uplift and accommodation provided!

Responsibilities include: Ensuring the project's quality management plans/procedures are effectively implemented; Providing support to the delivery teams to promote effective quality management practices Provide leadership and mentoring to engineers in relation to project QA Handle client expectations and communicate effectively with the project team Verifying that works constructed are compliant to the required standards and specifications and that the necessary records are available to confirm this; Monitoring compliance through various surveillance activities, including ongoing site visits, inspections and audits; Identifying quality issues and helping implement solutions to improve the project's quality system, processes and outcomes; and Monitoring and reporting on quality performance and taking actions when required. Skills and experience Tertiary qualification in engineering preferred Lead Auditor qualification also highly regarded Experience managing QA management systems on major civil infrastructure projects Team player with a positive attitude Excellent verbal and written communication skills essential service industry providing job security and a robust pipeline

of projects career development and growth opportunities family-owned business offering a unique culture and access to leaders who value your contribution, reward excellence and encourage long-term careers flexible workplace that promotes a healthy work-life balance and access to a health and wellbeing program Site uplift Accommodation provided paid parental leave for primary and secondary careers and flexible work arrangements available. As you can tell, we provide you with the benefits you'd expect from a leading Australian contractor, but what makes us different is:

Our culture – our vision to do things differently and unique family-orientated values and history allows for a unique team environment where our business really is about the people, allowing you to make life-long friends. Our work – the possibilities are as diverse as you are. We offer diverse work across our five business units with projects differing in size, scope and capability. Our long-timers – access to our expert leaders offering formal leadership, professional development and mentoring to allow growth of your technical and leadership skills. To find out more about BMD or to explore other opportunities visit www.bmd.com.au .

Due to the high volume of applications and enquiries, we are only able to respond to shortlisted candidates. No agency submissions will be accepted. Job Number 494637
