

Quantity Surveyor > \$130,000 - \$140,000

[Apply Now](#)

Company: Hitachi Automotive Systems Americas, Inc.

Location: Brisbane

Category: other-general

Hitachi Rail is looking for an enthusiastic self-motivated Quantity Surveyor who thrives in a fast-paced environment. The successful candidate is comfortable performing a wide range of tasks from administrative to strategic. The position is based in Brisbane, Australia.

Who We Are

Hitachi Rail is a fully integrated, global provider of rail solutions across rolling stock, signaling, service & maintenance, digital technology and turnkey. With a presence in 38 countries across three continents and over 14,000 employees, our mission is to contribute to society through the continuous development of superior rail transport solutions.

Key accountabilities:

Support the Construction Manager to ensure that work progress is managed with both subcontractors and the client.

Ensure that work progress certificates issued by the subcontractors are checked by the appropriate site supervisor/manager and that they are compliant with the subcontractor invoicing and subcontract requirements.

Ensure that the construction work progress is monitored and reported according to the contract to support client invoicing.

Provide an interface with the Control and Finance Function to process the invoices approved by the Project Manager

Assist the Construction Manager with tracking of internal and external budgets

Track scope changes both internal and external

Collate the work package.

Produce Work Instructions with support from the supervisors.

Produce and manage the Work method statements with support from the supervisors.

Track and identify changes to scope of work.

Track and report delays to programme.

Produce red line mark up for civil works.

Monitor all registers and checklists identified in the work packages.

Education and experience:

University Degree or Diploma - Surveying and/or Engineering.

Minimum 2 years of relevant experience

Utilization of measurement tools for civil works

Software tools

At Hitachi Rail, we know that a diverse business is a sustainable business.

Working collaboratively with a range of internal networks, we're continuously improving our policies and products. From accessible, sustainable design to achieving a better gender balance. We base these efforts on our core values:

Harmony, Sincerity and Pioneering spirit.

And by aligning with these, we're able to create a workplace where people not only feel comfortable but are given opportunities to thrive. All qualified applicants will receive consideration for employment without regard to race, color, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, age, or veteran status. What we offer:

Be part of a Global Company that offers a great work life balance.

Many opportunities to progress your career with training and development available.

Salary Continuance Insurance

We thank all applicants for their interest; however, only those under consideration will be contacted.
